

SPECTACULAR INTERIORS

Commanding a charter rate over US\$1 million per week, *Kismet* (pictured) is one of the world's most exclusive yachts – and among the 100 largest. Her remarkable interior features include sweeping staircases and a two-deck-high atrium with a piano bar whose music floats to the second level, rimmed with an art-deco inspired railing. Those wanting to see more will enjoy *Spectacular Superyachts: Inspired Interiors*, a coffee-table book featuring 120 photos of lavish interior rooms and details, from staircases and saloons to staterooms and spas. Written by Diane Byrne, the limited-edition publication is almost as exclusive as the yachts it features, with a print run of just 100 copies. ✦
